

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Marcus Perkerson
DOCKET NO.: 05-27383.001-R-1
PARCEL NO.: 29-17-118-020-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Marcus Perkerson, the appellant, and the Cook County Board of Review (board).

The subject property consists of a 79-year-old, two-story single-family dwelling of frame construction containing 1,982 square feet of living area and located in Thornton Township, Cook County. The residence contains one and one half bathrooms and a full basement.

The appellant submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within three blocks of the subject. These properties consist of two-story single-family dwellings of frame construction and range in age from 102 to 114 years. The comparables have one or two bathrooms, one with a half bath, full basements and one site has a two-car garage. The comparables contain between 1,654 and 1,931 square feet of living area and have improvement assessments ranging from \$4,769 to \$7,209 or from \$2.88 to \$3.73 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$7,252, or \$3.66 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within a block of the subject. The comparables consist of two-story single-family dwellings of frame construction and range in age from 85 to 102 years. The comparables contain two bathrooms, full basements, two have air conditioning, and two have fireplaces and one or two-car garages.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,594
IMPR. \$7,252
TOTAL: \$9,846

Subject only to the State multiplier as applicable.

PTAB/TMcG.

The comparables range in size from 1,524 to 1,931 square feet of living area and have improvement assessments of between \$6,509 and \$7,920 or from \$3.74 to \$4.27 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

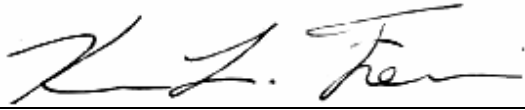

The PTAB finds the board's comparables one and four and the appellant's comparable one are the comparables more similar to the subject with some differences in age. These properties have improvement assessments ranging from \$3.73 to \$4.14 per square foot of living area. The subject's per square foot improvement assessment of \$3.66 is below this range of properties. The PTAB affords less weight to the remaining comparables because while they are similar, they differ from the subject in living area or age. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the subject's per square foot improvement assessment is supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
